

## Solar DG Application 50 kw or less

Member Name:	Phone Number:
DG Size:	Location Number:
DG Installer Phone Number & Email:	Physical Address:

### General:

- The Member must meet all PenTex membership and service requirements, in addition to the requirements in the Distributed Generation Manual **BEFORE** a Solar PV meter will be set.
- Member is responsible for relaying and enforcing all PenTex rules and regulations regarding solar installation to DG Installer.
- A signed copy of the PenTex DG Solar Application along with DG plans must be submitted for approval. Once plans are approved and payment is made, construction may begin.

### Requirements:

- **No net metering shall be used.** The type of metering to be used shall be specified at the sole discretion of the Cooperative. The metering shall provide data so the Cooperative can determine each billing period the energy supplied to the Member by the Cooperative and the energy supplied to the Cooperative by the Member. An additional meter base(s) to record the total DG production of the system will be installed between the system and member's load by the solar installer.
- After Solar DG Application the Member shall submit a plan detailing the electrical design, interconnections, size, and operational plans for the DG facility (the "DG plan").
- Solar installers will adhere to all PenTex Solar DG installation requirements listed in Distributed Generation Procedures and Guidelines manual. PenTex reserves the right to demand additional engineering and requirements at cost of member.
- Yearly onsite solar system inspections may be performed by PenTex.

### Application & Meter Fees:

- After approval of the DG plan by the Cooperative, the Member shall pay a non-refundable application fee as indicated below. A separate fee must be submitted for each DG facility.
  1. Up to 50 KW: \$300
  2. Over 50 KW is not covered by this form.
- PV Meter Cost is \$150 per meter required and will be determined after review of DG plans. Solar application & PV Meter payment is due after DG plan approval and signing contract. Prior to setting PV meters.

### Solar Process:

1. Member shall contact PenTex Energy Management Department.
2. Fill out PenTex Solar Application form.
3. Submit Solar DG plan to solar@pentex.com.
4. Upon PenTex approval, payment shall be made, contract signed by member, and solar system may be installed.
5. Contact PenTex to schedule an onsite solar system inspection before putting solar system online.
